

MyPowerHub

Your all-in-one solution for family engagement and seamless communication

With just a click, MyPowerHub brings together powerful communication tools to keep families, students, and staff connected and informed. MyPowerHub streamlines work flows by letting you send messages to educators without switching tabs while accessing the latest updates from a student's academic journey.

My PowerHub Overview

Unified Platform: Access grades, assignments, calendars, messages, and more—all in one convenient location.

Family-School Collaboration: Foster stronger relationships with transparent, efficient communication channels.

Advanced Features: Manage communication with newsfeed-style posts, dynamic groups, and secure data handling.

Engage Suite

Messaging

Two-Way Messaging: Communicate seamlessly across the district with personalized 1-1 messaging and group messaging for up to 50 recipients. Available via the PowerSchool SIS Mobile App.

Language Translation: Break down language barriers to create an inclusive community.

Document Attachment: Easily share documents and resources to enhance collaboration.

Connect

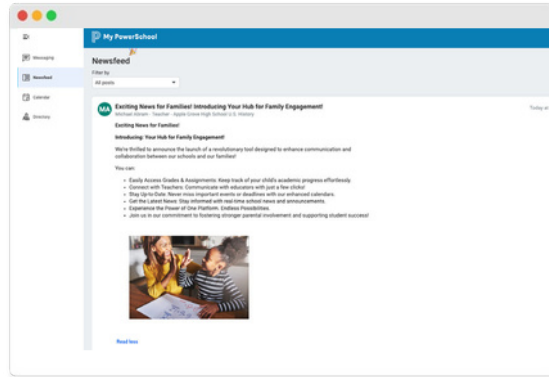

Interactive Calendar: Consolidate all school events, parent-teacher conferences, and activities in a single, user-friendly calendar.

Newsfeed-Style Posts: Share important updates and engage with families and students in real-time.

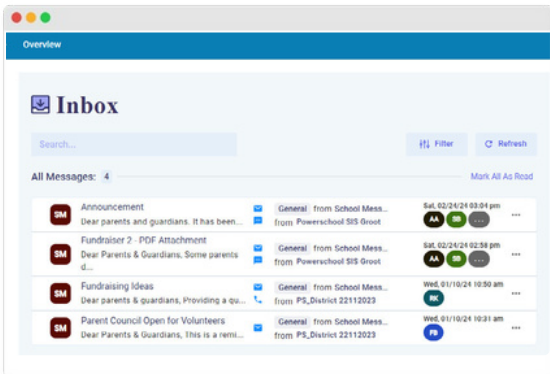

Directories: Find and connect with district users through a searchable directory, promoting efficient communication.
